back to definitions the approach developed in this bookthe possibility of countervailing processes notes references index end user license agreement

inequality in its many forms is becoming an ever greater problem in modern society the revised edition of this popular book explains why it is so important to understand class and stratification and how the tools used to analyse these divisions can help us to understand and confront problems of inequality this third edition of class and stratification has been extensively revised expanded and updated incorporating discussions of contemporary economic and social change it includes discussions of political and economic neoliberalism and its impacts as well as developments in social theory such as the emphasis on individualization and the cultural turn new to this edition is a chapter focusing on cultural approaches to class analysis which together with established approaches are used to explore new developments in social mobility educational opportunity and social polarization the book will be essential reading for upper level undergraduate and postgraduate students in the social sciences seeking to understand the changing face of social inequality by highlighting the damage increasing inequality is causing to the social fabric the book reveals the important part class continues to play in our lives today

the questions raised by a study of class and inequality are important but often complex this book succeeds in making them understandable without oversimplifying and its breadth originality and easy style will appeal to a wide readership peter saunders covers theories of social class as well as evidence on class inequalities in the contemporary period he analyses why class inequalities exist whether they are inevitable whether they are unjust and how they are changing the analysis is comprehensive and up to date and includes information on how the distribution of wealth and income and social mobility chances have been changing during the thatcher years it also explores how the class structure is being affected by developments such as the spread of privatization and individual shareholdings the rise of the yuppies and the emergence of an underclass on the theoretical side professor saunders gives equal weight to marxist social democratic and neo liberal perspectives on class and inequality and writers as diverse as karl marx john rawls and friedrich hayek all receive serious and balanced consideration

for undergraduate courses in social stratification race class and gender and introduction to gender studies using a concise and easy to understand style this text provides an integrated approach to the implications of social class race and ethnicity and gender explaining how each relates to economic social and political inequality

the second edition of this strong collection brings together classical statements on social stratification with current and original scholarship providing a foundation for theoretical debate on the nature of race class and gender inequality designed for students in courses on social stratification inequality and social theory this new edition includes a revised and updated editor s introduction and conclusion along with five new chapters on race and gender from distinguished scholars in the field

this insightful book explores the spread of network imagery in three areas of sociology social capital social support and china using as its protagonist a man active in all three nan lin social capital social support and stratification provides a unique combination of nan lin s core contributions to the field presented alongside new and original analyses

first published in 1991 this book represents the first wide ranging review of young people s understanding of the social world and the functioning of society taking a social cognitive view of adolescence it focuses on the processes by which young people learn to understand other people s thoughts emotions intentions and behaviour concentrating on the social world of politics economics work gender and religion the authors cover such issues as politics and government work and unemployment law and legislative matters religion marriage and the family social class and racial and ethnic differences this work will be of interest to students of sociology and psychology
